

Hello Indivisi-friends!

We are full into the first "Committee Season" of the legislature as bills must pass through policy committees in their house of origin by April 27th. Shoutout to all the Indivisibles who have already been super active in driving calls or office visits, submitting committee letters, or showing up in person for committee testimony!

I just wanted to share some resources from the Indivisible CA: StateStrong team that should be helpful to you in your state advocacy.

[Resources for Office Visits](#) - including a template leave-behind + bill talking points.

**If you have an upcoming office visit with a state legislator, please reach out to me** and let me know ahead of time and I will be glad to give you some customized advice on which bills would be really impactful for you to discuss with them based on the intel I have of what's happening in the legislature! This way we're being super strategic :)

**Also please fill out this [report back form](#) after your visit** so I know how it went!

[Bill tracker](#) - here is our public spreadsheet of the voted priority bills

[Voted priority bill pages](#) - there is a page on each bill that was voted as a priority with a call script for each one. Feel free to share these pages with your members!

[Blog for upcoming hearings](#) - Every weekend on our blog, we post the upcoming hearings for bills.

Let me know how I can be helpful and keep up the great work!
